Christmas Spirit

We'll bring our mobile mixing stations to you, to turn any room in your chosen venue into a vibrant Christmas Cocktail Making bar. This is one of our most popular indoor events – even if you do like your Pina Coladas in the rain...

With a mix of seasonal cheer, teamwork, and a touch of friendly competition, teams will go head-to-head to craft the most delicious festive cocktails. For those preferring non-alcoholic options, we have a range of delightful mocktails available.

Most cocktails rely on three main techniques, and our Head Mixologist will guide you in mastering them. Your group will be divided into teams and assigned to their festive-themed mixing stations, equipped with classic cocktail ingredients and seasonal additions like spiced syrups, cranberries, cinnamon, and festive garnishes.

Using your newfound skills, you'll shake and stir up popular cocktails like Cosmopolitans and Mojitos, alongside seasonal specialties such as a Spiced Winter Margarita or a Gingerbread Martini. Once everyone has had a taste, the real competition kicks off! Each team will create their own festive cocktail, complete with a themed name and presentation. Will your creation become a new favourite, or will it fall flat? Our Head Mixologist will judge based on name, appearance, originality, and, of course, taste!

With our fully mobile setup, we've been hosting cocktail-making events across the UK for over 25 years. Let us help you find the perfect venue to embrace the festive spirit!

Our Event Managers ensure responsible mixing and shaking at all times.
