5-300

We operate from The Solent on the South Coast near Southampton. The Solent is the spiritual home of British sailing. Whether you're a self-confessed land lubber or salty old seadog, you'll love a day of nautical teambuilding, sailing and racing on gorgeous 40ft yachts.

Our yachts are fully crewed with a skipper and hostess. Participants are encouraged to take the helm to steer the yacht, handle the sails and grind the winches. We expect most participants to have never set foot on a boat before, let alone raced. We are experts at making sure everybody feels safe and enjoys the day.

With a fleet of identical boats, we can enjoy some really exciting racing. Experience has taught us that everyone has great fun. It is natural to start out a little anxious but within minutes even the most timid are buzzing. It is the novelty of this experience that makes it both memorable and a stunning teambuilding event.

Following a safety brief from your skipper, the boats will motor out into the Solent. The morning will consist of some leisurely sailing to get used to the yacht and learn how everything works.

After lunch on board, or at a yacht club ashore, we increase the competitive team element by running some short, sharp races. Yacht racing is truly a team sport, you'll find that communication and team coordination is key if you want to sail faster than your competition.

For those of you who fancy a bit more horse-power, we can also arrange for you to have a blast on one of our Ribs!

What's Included:
