

Outdoor Teambuilding Crystal Challenge

Communication

Problem Solving

Team Cohesion

Friendly Competition

Duration:
Approx. 3-6 hoursLocation:
NationwideGroup Size:
10 - 200

Taking inspiration from the Crystal Maze TV show, we have designed an event of unique, fun and engaging team puzzles which require your team to work together effectively in order to complete each one, winning crystals based on their performance.

The nature of these activities requires team members to draw upon their communication skills, leadership qualities and problem solving abilities which, in turn, will lead to improved performance.

This event is perfect for customers wanting an activity day without anything too physically demanding; the tasks are designed to exercise the mind more than the muscles, with a variety of brain teasers, puzzles and challenges.

- Suspense
- Cypher
- Chemical Rescue
- Egg Toss
- Oasis
- Bridge Build
- Photo Mission
- The Dome
- Team Ski
- Pipeline
- Microdot

Following a briefing from the Event Manager, you will be split into teams before heading out to the activity field. You will be wowed by our top quality activity equipment and experienced instructors who will guide you through each activity. It will then be down to you and your team to conquer each challenge and collect as many crystals as possible, granting extra time in the inflatable dome finale!

What's Included:

- ✓ A combination of the above activities, according to group size and budget
- ✓ Large inflatable Dome (subject to availability)
- ✓ Medals for the winning team
- ✓ Event management and experienced instructors

Optional Extras:

- ✓ Event Photography or Filming
- ✓ Upgraded prizes – Champagne, Chocolates, Trophies
- ✓ Team clothing – Shirts, Caps etc

Activity Descriptions

Cypher

An alien crash site has exposed a number of objects that you need to retrieve in order to earn your crystals. However, the area is radioactive! So you have to use cunning and guile to retrieve them from a safe distance...

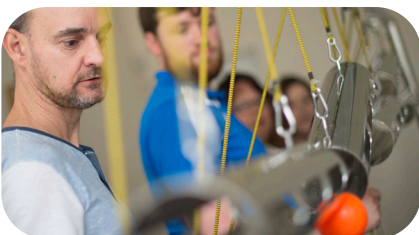

Oasis

Your team has stumbled into a field of silver orbs. Using the limited resources supplied, you must plot a single path through the field in order to retrieve as many of these orbs as possible. Mental and physical dexterity are useful here...

Chemical Rescue

After a dangerous chemical spill, leaving all but one of your team temporarily blinded, several containers still pose a risk within the contaminated zone. Using a complex system of suspended ropes and pulleys the team must work together to safely extract the containers from the zone.

Suspense

Here your team is faced with a series of suspended pipes. Each team member will lower/raise each pipe in order to allow the safe transfer of a number of radioactive cores from one side to the other. Frustrating as it is challenging, there's a reason it's called Suspense...

Bridge Build

The team is faced with a collapsed bridge over a raging crocodile infested ravine, of sorts... Some equipment has been washed to the shore and the team must use this to rebuild the bridge and get the whole team safely across.

Photo Mission

Your team have 10 pictures which you must replicate as accurately as possible. This will come down to the zoom, angle and even the shading and light on the object.

Egg Toss

You're tasked to create a clever contraption to propel an egg as far as possible. You are issued with equipment that includes everything you need to construct a trebuchet or catapult, but you'll have to think creatively to fling your missile the furthest!

Team Ski

Members of the team stand astride one large set of skis and attempt to complete an obstacle course by moving in unison.

The Micro Dot

One half of the team have a complex map of the circuits of a 'micro-dot.' They must communicate the detail of the circuit over one-way radio to the other half of the team who attempt to re-create the circuit.

Pipeline

Your team must work together to transport the silver balls through the pipeline to get the correct number to the floating platforms, but beware the pipes are full of holes and no balls can be lost.

The Dome

The hard work of accumulating crystals has paid off. Your team must rush into 'The Dome', engulfed by swirling golden tickets. Your mission: seize as many as possible before time runs out!
