

Icebreaker Teambuilding

Drumming Energiser

Prepare to be amazed at what can be achieved with drums, enthusiasm and a professional conductor guiding you along the way!

This is a fantastic energiser version of our popular Drumming event which has been formatted to last under one hour. It is a perfect introduction to any meeting or conference and will quickly dispel gloom and enthuse everybody.

Next to your seat you'll find your drum, no musical skill is required. After a couple of miss-hits you'll find it second nature. Our conductor will group you into different rhythm sections and then layer the rhythms like an orchestra to create a truly powerful sound. Drumming is immediate, Rhythm is unstoppable, Drums unite everyone.

Our Rhythm Master helps create each team's separate rhythms which are interlinked to play one amazing sound. Our skilled drummers will also use individuals' own musical ideas to create a personal and unforgettable drumming performance.

The finale is a roller coaster of surprise, energy and team empowerment. Bringing together all the skills amassed so far under our expert instruction. This is where team support and inspiration meet in music... to lift the roof!

With lots of interactive fun and passionate examples of how any successful orchestra relies on each other, this high performance, team working metaphor is business relevant as well as entertaining and great fun.
