Key Benefits:

-  Quick Thinking
-  Command Task
-  Great fun
-  Links to business messages

Duck Herding is absolutely adored by everyone! Work as a team to manoeuvre a gaggle of geese or ducks back into their pen. Hilarity ensues as you struggle to corral these cute little critters using only teamwork and a shepherd's crook...

Our country gent with his faithful collie will give you some tips and pointers. You then control the sheep/duck-dog (and your colleagues) to work as a team to herd the birds. You'll need to think like a duck to out-fox the competition and get the fowl back into the pen in the fastest time possible.

We're very sorry to say you're not allowed to take any of the charming creatures home. But we are proud to say these are some of the best treated and well pampered waterfowl around. The welfare of our little friends is top priority, and we'd be quackers to let them be harmed on our events.

A quintessentially countryside activity, Duck Herding is always a huge hit on any event! It is one of the optional extras on our Country Sports events but it can be included on any event.
