# Ho! Ho! Hunters!

## EVENT FACTS:

**Duration**: Approx. 2-4 hours
**Location**: Nationwide
**Group Size:** 10-250

Embark on a cheerful treasure hunt with Ho! Ho! Hunters!, where your team will enjoy a merry quest through the nooks and crannies of a location of your choice. Equipped with iPads loaded with our cutting-edge Treasure Hunting software, your team will navigate GPS 'hotspots' to complete seasonal challenges and encounter costumed characters along the way.

Each hunt is entirely unique and customized to your chosen location, filled with local quirks, and fun seasonal facts. Your adventure will include a variety of challenges, such as Christmas-themed general knowledge questions, festive photo challenges, and seasonal scavenger items.

There's something for everyone, allowing all team members to showcase their skills as you race to the finish. The map shows your location in real time so there's no tricky, old-fashioned map reading; but it also shows the locations of all the other teams too.

Our Treasure Hunt technology keeps teams connected and competitive throughout the event. With an interactive scoreboard, you'll always know who's in the lead, and you might even bump into rival teams for some competitive fun.

We provide complete event management from start to finish, assisting you in finding suitable start and finish locations for your quest. Whether you prefer a city or rural setting, the hunt can be tailored to meet your needs. We can even theme it to your company or event by loading your logos and artwork onto the iPads for a personalized touch

Our experienced Event Manager will oversee the day, and we'll provide medals for the winning team to take home as bragging rights! No need to worry about the weather—it's an all-weather event, so we've got you covered, rain or shine!

## The Tablets

Each team will be provided with an Apple iPad tablet, pre loaded with state of the art treasure hunt software. Teams will be guided by the interactive onscreen map throughout the event, which will not only show every challenge and task you face, but will also keep you aware of where rival teams are throughout the day.

The technology will track your team everywhere you go and will only allow questions and challenges to be activated when you're in the vicinity of that particular hotspot – no more Googling the answers from the pub!

Teams earn points for correct answers and receive penalties for incorrect answers. As challenges are completed and questions answered, your score will be instantly updated to the live scoreboard alongside that of your competitors', fuelling the competition!

The fiendish software shows you the locations of all the other teams; you will need to be thinking three steps ahead to keep the lead, thus making the day tense and adrenaline filled…

Our treasure hunts are scripted to ensure teams meet up on route at key locations guaranteeing a dynamic event with amusing and competitive interaction between teams!

We are able to incorporate bespoke graphics for the tablet backgrounds and create unique content ideal for addressing corporate themes or objectives.
