Duration:
Approx. 2-4 hours

Location:
Nationwide

Group Size:
10 – 250

In this Bond themed treasure hunt you'll be met by our very own "Q" who will issue you with iPads loaded with state-of-the-art treasure hunt software. The locations of our field agents, clues and challenges are displayed on the screen and you'll have to track them down.

Once you have found each agent you will need to complete the fiendish bond themed puzzles and questions whilst racing against the clock. Having a good grasp of 007 trivia will certainly help but is not essential; good team work, however, is.

You head off into the surrounding area to complete questions at 'hotspots' shown on your interactive map. You will also meet secret field agents who will give you spy tasks and puzzles.

This event can be run from almost any location, including your offices, all we need is a suitable indoor space in which to meet and finish.

The conclusion of the event will see teams head to a finish location to be met by 'Q' who will decipher the scores and announce the winning team.

For a truly Bond-like experience we can include high-speed Rib powerboats on The Thames or The Solent, and other vehicles such as 4x4s or Black Cabs in London.

The Tablets

Each team will be provided with an Apple iPad tablet, pre loaded with state of the art treasure hunt software. Teams will be guided by the interactive onscreen map throughout the event, which will not only show every challenge and task you face, but will also keep you aware of where rival teams are throughout the day.

The technology will track your team everywhere you go and will only allow questions and challenges to be activated when you're in the vicinity of that particular hotspot –no more Googling the answers from the pub!

Teams earn points for correct answers and receive penalties for incorrect answers. As challenges are completed and questions answered, your score will be instantly updated to the live scoreboard alongside that of your competitors', fuellingthe competition!

The fiendish software shows you the locations of all the other teams; you will need to be thinking three steps ahead to keep the lead, thus making the day tense and adrenaline filled...

Our treasure hunts are scripted to ensure teams meet up on route at key locations guaranteeing a dynamic event with amusing and competitive interaction between teams!
