

Outdoor Teambuilding

Perfect Teambuild

EVENT FACTS:

Duration: Approx. 3-6 hours

Location: Nationwide

Group Size: 10-200

We have combined two of our favourite events to create The Perfect Team Build. Enjoy the high adrenaline, physical elements of Country Sports with the fun yet challenging cerebral exercises from Crystal Challenge.

- | | | |
|-------------------|-----------------|-------------------------|
| 🎯 Suspense | 🎯 Bridge Build | 🎯 Archery |
| 🎯 Cypher | 🎯 Brunel | 🎯 Laser Clays |
| 🎯 Chemical Rescue | 🎯 Team Ski | 🎯 Inflatable Volleyball |
| 🎯 Oasis | 🎯 Dilithium Run | 🎯 Human Table Football |
| 🎯 Duck Herding | 🎯 Segways | 🎯 Pistol Shooting |

We can get the blood racing in Inflatable Volleyball, challenge you with Bridge Build, change tempo for accurate pistol shooting, delight you with Duck Herding and finish off with a Team Ski! Or any other combination of activities.

It's down to you and your team to successfully complete each challenge and earn as many points as possible. And as we know, points mean prizes! This event is perfect for corporate customers wanting a great, fun day out but who'd also like to make the day productive and relevant.

Key Benefits:

- 🎯 Communication
- 🎯 Problem Solving
- 🎯 Team Cohesion
- 🎯 Friendly Competition

What's Included:

- 🎯 A combination of the above activities, according to group size and budget
- 🎯 Expert guidance towards the most suitable challenges
- 🎯 Medals for the winning team
- 🎯 Event management and experienced instructors

Optional Extras:

- 🎯 Event Photography or Filming
- 🎯 Upgraded prizes – Champagne, Chocolates, Trophies
- 🎯 Team clothing – Shirts, Caps etc.

Outdoor Teambuilding

Perfect Teambuild

Activity Descriptions

Laser Clays

A complete replica of traditional clay pigeon shooting; five people shoot at clay targets, which are fired at various angles at up to 60mph, 50ft above ground. Complete with genuine guns and sound effects, individuals' scores are displayed on a giant live scoreboard..

Archery

Robin Hood has nothing on our qualified instructors, who will give you a full brief on the correct technique to ensure you hit the golden bullseye every time! Judgement and finesse are the watch words here!

Air Pistols

Practice your precision on our Pistol range. Using these pneumatic firearms, each team will be given the chance to fire at different targets in order to score maximum points.

Segways

Lean forwards to go forwards, lean back to brake or go backwards, a light tug on the control column to the left or right to steer – That's it. Now all you need to do is negotiate you way around our complex course!

Inflatable Volleyball

Prepare for lots of team fun on this 20' x 40' bouncy volleyball court, complete with palm trees! Six a-side, teams play the bounciest game of volleyball ever in this giant inflatable arena.

Human Table Football

This is one of our most enjoyable team activities, not only to participate in but also to watch! Imagine giant table football, in teams of five, you slide from side to side along the crossbars in order to get to the ball and score a goal. No spinning!

Perfect Teambuild

Activity Descriptions

Duck Herding

You're like a Wild West Cowboy, but with ducks! Work as a team to manoeuvre a gaggle of geese or ducks back into their pen. Hilarity ensues as you struggle to corral these cute little critters but our country gent is on hand to help and give you tips!

Cypher

An alien crash site has exposed a number of objects that you need to retrieve in order to earn your crystals. However, the area is radioactive! So you have to use cunning and guile to retrieve them from a safe distance...

Oasis

Your team has stumbled into a field of silver orbs. Using the limited resources supplied, you must plot a single path through the field in order to retrieve as many of these orbs as possible. Mental and physical dexterity are useful here...

Chemical Rescue

After a dangerous chemical spill, leaving all but one of your team temporarily blinded, several containers still pose a risk within the contaminated zone. Using a complex system of suspended ropes and pulleys the team must work together to safely extract the containers from the zone.

Suspense

Here your team are faced with a series of suspended pipes. Each team member will lower/raise each pipe in order to allow the safe transfer of a number of radioactive cores from one side to the other. Frustrating as it is challenging there's a reason it's called Suspense...

Bridge Build

The team is faced with a collapsed bridge over a raging crocodile infested ravine, of sorts... Some equipment has been washed to the shore and the team must use this to rebuild the bridge and get the whole team safely across.

Activity Descriptions

Brunel

Your team is presented with a problem – Your resources come in the form of construction equipment that looks like a giant Meccano set and the team has to quickly come up with a plan to make a device to solve the problem.!

Team Ski

Four members of the team stand astride one large set of skis and attempt to complete an obstacle course by moving in unison.

Dilithium Run

Your task is to transport the silver star balls via a set of pipe work, riddled with holes, to the constellation board where you must get each ball into its pod to complete the constellation.
