

Outdoor Teambuilding

Psyclone 17

EVENT FACTS:

Duration: Approx. 3 hours**Location:** Nationwide**Group Size:** 10-250

An elite cyber hacker has slipped past your company's firewall protection and uploaded a sophisticated virus dubbed 'Psyclone 17'. Currently dormant in your system, Psyclone 17 will activate at the stroke of midnight to wreck havoc throughout your company database.

But the hacker wants to test you, and has devised a 'game' for you to prove your worth and stop the virus... Split into teams, your group must compete against not only the clock but also each other!

Armed with pre-loaded iPad Mini's, teams will have to navigate their way around the local area to complete as many challenges as possible. Guided by a GPS based map littered with way-points, teams will have to plan their route wisely to ensure they can earn maximum points in the allotted time.

Cryptic clues, mind challenges and puzzles that will have your teams scratching their heads... be warned, this brain tingling event will have your office abuzz with discussion for weeks!

The devious hacker has ensured there are no short cuts; challenges are only unlocked once you reach their locations on the map. Be sure to keep an eye out along the way for our selection of hidden characters, each presenting a physical or mental challenge.

Once time is up, scores are uploaded and the chosen teams must face off in one final challenge presented by the cyber hacker....

Will you be able to crack the coding to save your company's files before midnight... or will it be back to pen and paper for your office?

The Tablets

Each team will be provided with an Apple iPad tablet, pre loaded with state of the art treasure hunt software. Teams will be guided by the interactive onscreen map throughout the event, which will not only show every challenge and task you face, but will also keep you aware of where rival teams are throughout the day.

The technology will track your team everywhere you go and will only allow questions and challenges to be activated when you're in the vicinity of that particular hotspot – no more Googling the answers from the pub!

Teams earn points for correct answers and receive penalties for incorrect answers. As challenges are completed and questions answered, your score will be instantly updated to the live scoreboard alongside that of your competitors', fuelling the competition!

The fiendish software shows you the locations of all the other teams; you will need to be thinking three steps ahead to keep the lead, thus making the day tense and adrenaline filled...

Our treasure hunts are scripted to ensure teams meet up on route at key locations guaranteeing a dynamic event with amusing and competitive interaction between teams!
