Have you always wanted to travel the world but never had the time or opportunity to do so? Well, now is your chance with your very own interactive, Around the World Treasure Hunt!

There's a new country around every corner, and teams must use their iPad mini and their collective wits, to unlock each one. Your team will be teleported worldwide; answering country specific questions on local culture, food, music, film and beyond answering correctly will win the team points!

However, there's no time to spare, as there are more 'hot spots' to reach than possible before time runs out. Along the way, your team will need to collect souvenirs from every corner of the earth. Perhaps you'll bring back a fez from the medinas of Marrakesh or a lei from a Hawaiian paradise! You will also need to keep a photo album of your travels. For what's an adventure without some pictures to show at the end? Be sure to get a snap next to a Mummy and record your journey into the Amazon!

It's up to your team to decide where to visit in the time you have, but keep in mind that the team that wins the medals will plan their route carefully! If time allows, why not widen the treasure hunt area, and include team vehicles, such as Fiat 500s or Black Cabs?

Perfect for any group size and itinerary, and with a great mix of mental and physical challenges, this fully immersive team event is guaranteed to be a hit for your next Teambuilding Day.

The Tablets

Each team will be provided with an Apple iPad tablet, pre loaded with state of the art treasure hunt software. Teams will be guided by the interactive onscreen map throughout the event, which will not only show every challenge and task you face, but will also keep you aware of where rival teams are throughout the day.

The technology will track your team everywhere you go and will only allow questions and challenges to be activated when you're in the vicinity of that particular hotspot no more Googling the answers from the pub!

Teams earn points for correct answers and receive penalties for incorrect answers. As challenges are completed and questions answered, your score will be instantly updated to the live scoreboard alongside that of your competitors', fuelling the competition!

The fiendish software shows you the locations of all the other teams; you will need to be thinking three steps ahead to keep the lead, thus making the day tense and adrenaline filled...

Our treasure hunts are scripted to ensure teams meet up on route at key locations guaranteeing a dynamic event with amusing and competitive interaction between teams!

We are able to incorporate bespoke graphics for the tablet backgrounds and create unique content ideal for addressing corporate themes or objectives.
