Activity Descriptions

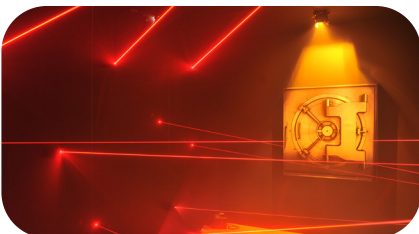

Sharpshooters

An essential skill for any spy, practice your marksmanship on our rifle range. Use these high powered pneumatic firearms to shoot at exploding targets and score points for your team.

Danger Zone

Can you safely guide your blindfolded team mates through the field of danger zones, avoiding the claymore mines and minefields on the way using only secret codewords? A true test of communication for any aspiring spy.

Laser Maze

This 'Mission Impossible' style challenge involves sneaking through a maze of laser beams against the clock to retrieve the secret documents..

Quad Bikes

Speed and accuracy take equal importance here when riding the Yamaha 125cc Quad Bikes. After a helmet fitting and safety brief, riders set off around our course under the eye of our track stewards.

Silent Shoot

Have a go with our high-powered, modern crossbows with telescopic sights, all under the expert eye of our qualified instructors. Please, no shooting apples off colleagues' heads...!

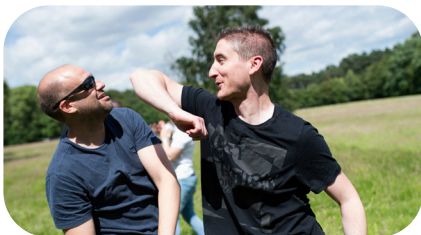

Shadow Agents

Embark on a covert mission to locate the concealed operatives, unveil the hidden agents and conquer the cutting-edge challenges that lie in wait before navigating your team back to the start.

Hand to Hand Combat

It's not all guns and car chases; our operatives need to be able to defend themselves unarmed. Here a martial arts expert teaches you self defence techniques.

Stage Fighting

Having learnt how to defend yourself, now learn how to take (fake) hits like a professional stuntman. Choreograph a fight sequence to earn your team points for the most convincing display.

Ace of spades

Since World War II, Special Forces units have trained their operatives in the use of improvised weapons as a silent and deadly method of assassination. Can you hit the bulls eye with a Special Forces throwing spade?

Breakout

Your colleagues have managed to obtain a top secret encrypted document. Using the military field telephones in each tent, the task is to obtain a description and to replicate it as accurately as possible.

Blindfold 4x4 driving

Teamwork and communication is the key to this challenge, communicating with your passengers to navigate your way accurately around the course.

Argo Cats

These six wheeled off road vehicles have two seats and with the help of our instructor, team members will make their way around our track. Great fun on any terrain.
