Taken Treasure Hunt

EVENT FACTS:

Duration: Approx. 2-4 hours

Location: Nationwide

Group Size: 10-250

In a seemingly normal meeting, our cunning cat burglar sneaks in and steals a briefcase full of 'vital' company documents in front of your very eyes!

Our lead investigator briefs you on how to track down the documents using iPads with state-of-the-art treasure hunt software. The tablets lead you on a trail to mystery locations where you will have to find covert field agents and solve fiendish puzzles.

After the theft, teams will be issued iPads and the competition begins. Showing your location, and that of the other teams, the software gives you 'hotspots' to seek out, where you will meet a character, complete a puzzle and work out the answers to the questions.

Do it right and you'll earn points which instantly update to the live scoreboard, do it wrong and you'll see the other teams' scores overtake yours! This real-time feed keeps the day tense and competitive right up to the end with an adrenaline fuelled dash to beat your competitors!

It is particularly easy to 'theme' this treasure hunt to work within the business context. The script and challenge questions can be tailored to you, and iPad graphics can be customised with your company logos.

The Tablets

Each team will be provided with an Apple iPad tablet, pre loaded with state of the art treasure hunt software. Teams will be guided by the interactive onscreen map throughout the event, which will not only show every challenge and task you face, but will also keep you aware of where rival teams are throughout the day.

The technology will track your team everywhere you go and will only allow questions and challenges to be activated when you're in the vicinity of that particular hotspot – no more Googling the answers from the pub!

Teams earn points for correct answers and receive penalties for incorrect answers. As challenges are completed and questions answered, your score will be instantly updated to the live scoreboard alongside that of your competitors', fuelling the competition!

The fiendish software shows you the locations of all the other teams; you will need to be thinking three steps ahead to keep the lead, thus making the day tense and adrenaline filled...

Our treasure hunts are scripted to ensure teams meet up on route at key locations guaranteeing a dynamic event with amusing and competitive interaction between teams!

We are able to incorporate bespoke graphics for the tablet backgrounds and create unique content ideal for addressing corporate themes or objectives.
