Traitorous Treasure Hunt

Varied Challenges | Group Discussion | Friendly Competition

THE KING'S AWARDS FOR ENTERPRISE 2026 INNOVATION

Duration:
Approx. 1.5 - 4 hours

Location:
Nationwide

Group Size:
8-250

This thrilling GPS adventure will have your group split into teams and sent out on a mission to uncover clues, complete challenges, and collect points. Using our iPads loaded with cunning Treasure Hunt software, teams will navigate their way around the chosen location, hunting down GPS 'hot-spots' and taking on a variety of exciting challenges. But there's a twist... not everyone can be trusted! Hidden among the teams are traitors, secretly selected at the start of the event. Their mission is to remain undetected while subtly sabotaging their team's progress, influencing decisions and creating confusion. Meanwhile, the faithfuls must work together to complete as many challenges as possible whilst trying to identify who among them is working against the team. Complete challenges at the 'hot-spots' to earn points, which are uploaded instantly to the live scoreboard. The map shows your location in real time, as well as the locations of the other teams, ramping up the competition as everyone races around to increase their scores and keep ahead.

With more 'hot-spots' than it's possible to reach in the allotted time, teams will need to plan their routes carefully and decide which challenges are worth pursuing. But with saboteurs lurking within your ranks, who knows whether the person suggesting your next destination is really trying to help? Combining the excitement of a GPS Treasure Hunt with the deception and intrigue of The Traitors, this is a fast-paced and highly competitive team building experience. Can the faithfuls expose the traitors and claim victory, or will the deceivers have the last laugh? Our Traitorous Treasure Hunt works best with an indoor space available at the beginning and end of the event. This space can be fully themed to create atmosphere and will feature the all-important round tables. This is where the traitors are secretly selected, and teams return at the end to question loyalties and vote on who they believe the saboteurs are.

What's Included:

The Tablets

Each team will be provided with an Apple iPad tablet, pre loaded with state of the art treasure hunt software. Teams will be guided by the interactive onscreen map throughout the event, which will not only show every challenge and task you face, but will also keep you aware of where rival teams are throughout the day.

The technology will track your team everywhere you go and will only allow questions and challenges to be activated when you're in the vicinity of that particular hotspot no more Googling the answers from the pub!

Teams earn points for correct answers and receive penalties for incorrect answers. As challenges are completed and questions answered, your score will be instantly updated to the live scoreboard alongside that of your competitors', fuelling the competition!

The fiendish software shows you the locations of all the other teams; you will need to be thinking three steps ahead to keep the lead, thus making the day tense and adrenaline filled...

Our treasure hunts are scripted to ensure teams meet up on route at key locations guaranteeing a dynamic event with amusing and competitive interaction between teams!

We are able to incorporate bespoke graphics for the tablet backgrounds and create unique content ideal for addressing corporate themes or objectives.

Question Categories:

- **Traitors-Themed Puzzles –** Teams must solve a variety of mysterious puzzles, crack secret codes and uncover hidden clues to earn points.
- **Photo Challenges –** Teams must get creative and capture photographs of themselves completing a series of fun, Traitors-inspired challenges.
- **Scavenger Items –** Teams must hunt for a selection of mysterious items and bring them back to the finish to earn additional points.
- **Character Challenges –** Teams must track down our mysterious characters, who will set them secret missions and challenges to complete.
