A short, sharp icebreaker version of our Ultimate Challenge event... The Ultimate Challenge Icebreaker is sure to get your group energised with dozens of fast paced, fiddly and fun mini-challenges to be completed within an hour! The Challenge Chest is filled with perplexing puzzles, cunning challenges and fiendish activities. These tasks are graded in difficulty; either race through the easy ones for plenty of individual points, or spend more time on trickier tasks for big bonuses.

A clever combination of easy and hard tasks is the only way to win, so your teams will have to plan their approach in order to win the most points! As well as energising your group with fierce competition, this Icebreaker will get your delegates thinking laterally... Be sure to use the strengths of your teammates in the game plan. Some may be better at making balloon animals, while others might excel at folding origami swans! Team work is essential to win in this energiser.

After battling it out for an hour, it's time to count up the scores, declare a winner and receive medals. Everyone gets something out of this challenge though, even if it's realising they're the best in the company at eating the most cream crackers in a minute with no water!

Depending on how much time you have available, you may be able to fit in our full Ultimate Challenge, with even more whacky activities and logical nightmares to solve...
