

Virtual Teambuilding

Virtual CSI

EVENT FACTS:

Duration: Approx. 1-2 hours**Location:** Worldwide**Group Size:** 10-250

A body has been discovered in your offices whilst your company where enjoying their annual staff party in a neighbouring hotel. All of your colleagues have an alibi apart from two who have been brought in for questioning, can you solve the case and prove yourself as CID material?

Using the power of 'Zoom' or your preferred choice of inline meeting software, our host and lead Police Inspector on the case will brief your teams on the case.

Once the scene has been set and you've been given the background information, all forensic evidence collected from the scene is then presented to your group. You'll have to work your way through each piece with a fine tooth comb, as you may find the key to breaking this case!

Next up, teams will be given the chance to interrogate each of the two suspects individually. Be sure to choose your line of questioning wisely though, if they think you're on to them too soon they may become uncooperative and refuse to answer further questions.

To wrap things up you'll have to put forward your case with evidence to back it up on who you think 'dun-it'! Will you catch the criminal or let them get away with this dastardly deed?!
