

virtual Teambuilding

## Virtual World Quiz

### EVENT FACTS:

**Duration:** Approx. 1-2 hours

**Location:** Worldwide

**Group Size:** 10-250

### Key Benefits:

-  Critical thinking
-  Broad appeal
-  Virtual
-  Teamwork

This round the world virtual quiz is the perfect way to get that competitive team spirit going, and is run from the comfort of your own desk.

We provide a 'Quiz Master', via online meeting software such as 'Zoom', who introduces the game and how it works. Run off your smart phone or tablet, all you need to do is download our app and then enter the game code to join – sadly there are no points for getting this part right.

This is no ordinary question and answer quiz, our software takes full advantage of being a virtual set up. Teams will have to hunt for answers using Google Maps and What3Words, as well as photo and video challenges which will have your group up and out of their chairs!

Not unlike the great Phileas Fogg, this quiz is a race against the clock but sadly you won't have 80 day's to complete your round the world trip. The stakes are high as every correct answer or challenge completed will earn you points along the way.

At the end of the event our Quiz Master will tally up the scores and reveal who the true office boffins are. So do you know your Eiffel from your Pisa, your Van Gogh from your Monet? Test your knowledge and impress your colleagues in this event!

### What's Included:

-  Virtual setup
-  Latest software and game code
-  Event management & instruction

### Optional Extras:

-  Prizes for the winning team
